Re: ETC Tiger Pipeline, LLC
FERC Docket No. CP09-460-000
Supplement to Implementation Plan
Additional Contractor Yards and Use of ATWS

Dear Ms. Bose:

On April 7, 2010, as amended by an Errata Notice issued April 8, 2010, the Federal Energy Regulatory Commission ("Commission"), pursuant to Section 7(c) of the Natural Gas Act and Part 157 of the Commission's regulations, issued ETC Tiger Pipeline, LLC ("ETC Tiger") a certificate of public convenience and necessity for the ETC Tiger Pipeline Project ("Certificate Order").¹ ETC Tiger notified the Commission on April 8, 2010, that it accepted the Certificate Order.

Pursuant to Environmental Condition No. 5 included in the Appendix to the Certificate Order, ETC Tiger hereby submits for filing its Supplement to the Implementation Plan for the following additional contractor yards and respectfully requests authorization to commence construction activities at these locations:

- Texas County Route 306 Yard
- Stagecoach Yard
- I-20 Yard
- Sibley South/Sibley Equipment Yard (east part)

In addition, in its May 13, 2010, Authorization to Proceed with Construction, the Commission withheld use of two 25-foot by 150-foot additional temporary workspaces ("ATWS") at MPs 44.68 and 44.72 on Tract TH-RR-402.00 pending landowner approval. ETC Tiger has obtained landowner approval and respectfully requests use of these ATWSs.

This Supplement to the Implementation Plan responds to those environmental conditions attached to the Certificate Order which are relevant to ETC Tiger's instant request to begin use of the contractor yards and ATWS as identified herein.

This Supplement is being submitted electronically to the Commission's eFiling website pursuant to the Commission's Order No. 703, Filing via the Internet Guidelines issued on November 15, 2007 in FERC Docket No. RM07-16-000. A complete paper copy of this filing which includes a CD
